To protect you and others around you from getting sick, learn the following tricks:

Learn, how to sneeze

11:00

When coughing and sneezing cover mouth and nose with flexed elbow or tissue.

Throw tissue into closed bin right after use.

Clean hands with alcohol-based hand rub or soap and water after coughing or sneezing and when caring for the sick.

Next, what you'd like to do?

Coronavirus can be confusing, but **Nursebeam** is here to help.

We've put together best available latest knowledge from WHO, ECDC and other sources for you.

What about travels in Europe?

When planning travel these days, keep eye on current entry and transit restrictions as well as latest 14-day infection rates.

This way you can avoid getting stuck.

And if you are travelling, please follow precautions: keep your hands clean, wear a mask and avoid big crowds.

What would you like to do?
